Tim Wrightman	24	407	17.0	1

**1st and 10 at the CHI 25 yard line**

<b>3</b>	Run play as 3 is less than the 7 (9 minus the 2 for DEF OKAY ADJUST)
<b>15</b>	Not need for run play
<b>2</b>	The 2 falls in Walter Paytons' locator range
<b>2</b>	Not need as we didn't go the secondary (black) locator range
<b>6</b>	No penalty not needed

**2nd and 3 at the CHI 32 yard line**

<b>4</b>	Run play as the run number at NZ/R 10 (-2 DEF ADJ) is 8
<b>6</b>	Not need for run play
<b>7</b>	This falls in Paytons' locator range
<b>6</b>	Not need as we didn't go the secondary (black) locator range
<b>12</b>	No penalty not needed

**1st and 10 at the CHI 37 yard line**

<b>18</b>	Pass as 18 is above the B/NZ of 7(9 minus 2 DEF ADJ)
<b>3</b>	Depth of pass 3 is below the 9 SP range for McMahon, so SP
<b>6</b>	The 6 falls in Wrightmans' SP locator range
<b>5</b>	Not need as we didn't go the secondary (black) locator range
<b>6</b>	No penalty not needed

**2nd and 14 at the CHI 33 yard line**

<b>4</b>	Roll of 4 is <= to 4 (6 minus 2 DEF ADJ) at the N/NZ intersection
<b>1</b>	Not needed for run play
<b>1</b>	The 1 falls in Walter Paytons' locator range
<b>20</b>	Not need as we didn't go the secondary (black) locator range
<b>16</b>	The blue and white die were both a 1 so checking the 1 on a SNAP play penalty range (1-3) there is a penalty. Use the 16 of the penalty chart under SNAP OFF we have a FALSE START (5). 5 yards are marked off.

**2nd and 19 at the CHI 28 yard line**

<b>19</b>	Pass as 19 is above the D/NZ of 1(3 minus 2 DEF ADJ)
<b>12</b>	McMahons depth of pass 12 is above the 9 SP range but <=15 for a MP
<b>18</b>	The 18 is > than all blue locators for MP receivers so we use secondary #
<b>13</b>	Use this number on the secondary (black) locator gets us McKinnon
<b>15</b>	No penalty not needed

**3rd and 19 at the CHI 28 yard line**

<b>12</b>	Pass as 12 is above the D/NZ of 1(3 minus 2 DEF ADJ)
<b>8</b>	McMahons depth of pass 8 is <= 8 SP so SP
<b>7</b>	This falls in Mooreheads' SP locator range
<b>8</b>	Not need as we didn't go the secondary (black) locator range
<b>12</b>	No penalty not needed

**PUNT 4th and 19 at the CHI 28 yard line**

<b>11</b>	We are using the OWN row to punt, we get a 45F at 11, punt to the opp 27
<b>19</b>	Used to check FC, Taylor FC rate is 5 but the 19 is above that so returned
<b>11</b>	The return player is Taylor as the 11 is <= to his 11 locator number
<b>12</b>	Use Taylors' PR row under 12 is a 9 yard return
<b>14</b>	The red and blue die were both a 11 so checking the 11 on a PUNT play this falls in the RET teams (7-20) range so penalty on the return team Use this 14 roll off the PENALTY CHART RETURN column gets us an Illegal Block (15yds)

**BASE defense as the down x distance is 10**

<b>15</b>	Checking defenses RUN chart, BASE column the 15 is Duerson
<b>15</b>	This 15 is higher than the 11 HOLE range but less than the 16 LOS, so LOS
<b>19</b>	On Paytons AVE section the 19 is above LOS but below SEC so it is a SEC run
<b>7</b>	Using the 7 on the Yardage Chart SEC column is 7 yards
<b>9</b>	The red and white die were both a 15 so checking the 15 on a RUN penalty range chart it doesn't fall in the RUN range (19-20) for the DEF so no penalty

**RUN defense as the down x distance is 6**

<b>2</b>	Checking defenses RUN chart, RUN column the 2 is Singletary
<b>9</b>	There is no HOLE number and the 9 is less than the 13 LOS, so LOS
<b>12</b>	On Paytons AVE section the 12 is above LINE but below LOS so it is a LOS run
<b>17</b>	Using the 17 on the Yardage Chart LOS column is 5 yards
<b>9</b>	No penalty not needed

**BASE defense as the down x distance is 10**

<b>13</b>	Checking defenses PASS chart, BASE column the 13 is Dent
<b>10</b>	The 10 is less than the 20 for PRE, so pressure by Dent
<b>1</b>	McMahon SP row PRE section the 1 is less than or equal to the 3 SCK number, so SACK
<b>15</b>	Using the 15 on the Yardage Chart SACK column is -4 yards
<b>11</b>	No penalty not needed

**PASS defense as the down x distance is 38**

<b>3</b>	Checking defenses PASS chart, PASS column the 2 is Singletary
<b>16</b>	The 16 is greater than the 13 for DEF, <= 20 for REC, so REC
<b>1</b>	REC uses the receiver chart for McKinnon at MP. The 1 is <=8 DRP rate, dropped pass
<b>3</b>	Incomplete so not used
<b>4</b>	No penalty not needed

**PASS defense as the down x distance is 57**

<b>5</b>	Checking defenses PASS chart, PASS column the 5 is Richardson
<b>15</b>	The 15 is <= 19 for DEF, so DEF
<b>6</b>	McMahon SP row DEF section the 6 is <= PD of 8, so pass defensed
<b>13</b>	Check for interception. Richardsons' INT rate is 5 and McMahons INT adjust for a SP is -2 for adjusted rate of 3. The roll is above that so just a pass defensed incomplete.
<b>11</b>	No penalty not needed

**1st and 10 at the CHI 26 yard line**

16	Pass as 16 is above the B/NZ of 7(9 minus 2 DEF ADJ)
15	McMahons depth of pass <SP(9) but <=MP (15) so MP
9	This falls in Gaults' MP locator range
11	Not need as we didn't go the secondary (black) locator range
2	No penalty not needed

**1st and 10 at the OPP 49 yard line**

15	Pass as 15 is above the B/NZ of 7(9 minus 2 DEF ADJ)
4	McMahons depth of pass roll of 4 <SP(9) so SP
17	The 17 is > than all blue locators for SP receivers so we use secondary #
8	Use this number on the secondary (black) locator gets us Gault
15	No penalty not needed

**BASE defense as the down x distance is 10**

14	Checking defenses PASS chart, BASE column the 14 is Taylor
19	The 19 is greater than the 18 for DEF, <= 20 for REC, so REC
13	REC uses the receiver chart for Gault at MP. The 13 is > CMP so it is a YAC
3	Using the 3 on the Yardage Chart MP column is 11 yards
14	We have yards after catch (YAC) so reroll black die and add this roll (14) to the original catch yardage (11 yds) so catch and run for 25 yards
4	No penalty not needed

**BASE defense as the down x distance is 10**

12	Checking defenses PASS chart, BASE column the 12 is Dent
10	The 10 falls in Dents' PRE range
7	McMahon SP row PRE section the 7 falls in the SCR section, scramble
3	Use this roll in McMahons' scramble range (black numbers to right of passing) The 3 falls in the LINE range
7	Reroll on YARDAGE CHART in the LINE column for 7 row gets 1 yard
7	Not needed for penalty but because the final black and yellow rolls are the same 9 we check for a FUMBLE. McMahons' FUM rate is 7 (actually 8 with the DEF TEAM +1 FUM ADJUST) so McMahon fumbles after the scramble
4	Rerolling the dice and checking yellow against both teams OFF FUM LOST and DEF FUM REC range. If the roll falls in either of these (off lost/def rec) the opposing team recovers otherwise offense recovers. 4 is in the OFF FUM LOST range, defense recovers
